montblanc An inkling of the past.

Like many of us Tim Pham lives a fast-paced life, but when he picks up his pen everything slows down. Modern-day distractions disappear and a happy childhood comes flooding back – a simpler time marked by lines, curves and ink stains.

montblanc Simple is sometimes best.
Photographer @alice_gao captures inspiring moments everyday with her camera. When it comes to writing, she appreciates how a handwritten letter can stir just as many emotions.

montblanc A business plan or a simple thank you.

·
Growing up Ryan Clark found school hard, but his Mom was there to support him every step of the way. She instilled upon him a mindset of ambition.

·
Today, Ryan is the founder of [@highfashionmen](#). He regularly writes articles for readers around the world, but that doesn't stop him from writing thank you notes to his hero: his Mom.

montblanc More than just words.

What you write is a reflection of who you are. Trần Quang Đại is passionate about self expression, so much so that he's taken to collecting pens. That way there's always one close by.

How do you express yourself through writing? Share your story with the hashtags #PassItOn #UNICEF #Montblanc.
